

LOOKING TO HAVE GREAT MUSIC AT YOUR NEXT EVENT? MEET THE MIAMI LIGHTHOUSE BAND

The Miami Lighthouse Band is composed of highly professional instrumentalists and vocalists with multi-faceted musical skills. These talented musicians are both visually impaired and sighted. Each has performed or sung at night clubs, restaurants and special events, literally around the world, both solo and with various bands and orchestras. Their genres range from jazz, fusion and rock 'n roll, to salsa, bolero and traditional dance music. As long-time members of the music industry, many have accompanied well known artists, including Grammy winners, both live and for in-studio recordings.

Under the direction of Miami Lighthouse Music Program Manager Rob Saunders, the full band, and/or smaller ensembles, are available to perform for all types of public and private engagements, including weddings, bar mitzvahs, business, government and charity events, at reasonable fees.
